

# We think authenticity is cool. **So, just be you.**

Our mission is to provide everyone with the opportunity to live the healthiest life possible. Diversity of background, experience, identity, ethnicity, race, sexual identity and orientation, and perspective improves the creativity, innovation, quality, and effectiveness of the therapy we provide. Period. To broaden our reach and better reflect the diversity found in our communities, we are creating opportunities for historically underrepresented groups to access the education, experience, and support necessary to join the therapy profession. Tx:Team is a place for anyone with a passion for healing and a desire to change the world, and we are committed to fostering an environment where each associate can be included, valued, and seen. We want everyone who walks through our doors to feel safe and comfortable just being themselves.
